

# Database Management System

## Front-End:

In the front-end part, we have completed sign in and sign up page design.

The image displays two side-by-side web page designs for an 'Online Education' platform. The left page is the 'Create an account' form, and the right page is the 'Login' form. Both pages feature a light gray background with a blue header area containing a cartoon illustration of a computer monitor, a smartphone, a calendar, and books, all with the text 'ONLINE EDUCATION'.

**Create an account**

## Back-End:

In the back-end part, we have created login and registration module and connected to database.

## Database:

In the database part, we have created login and registration queries.
